

Extension in Lying

Starting position: Lying on your front with your hands under your shoulders.

Action: Push up with your arms and allow your back to arch, making sure to keep your hips on the floor. Hold 5seconds and repeat 10 times.

These sheets are for guidance only. Although carrying out the exercises on this sheet correctly may be beneficial to you, these sheets do not nor are they intended to replace a proper assessment from your Chartered Physiotherapist. It is advisable that you discuss how to carry out the exercises contained on this sheet with your Physiotherapist at your next session. Should you have any questions regarding the exercises contained on this sheet please feel free to discuss same with your Physiotherapist at your next treatment session. The management accepts no responsibility whatsoever for the content or accuracy of these sheets or any issues resulting from same.
